Subject: Dear Claudia, I tried over and over to include my statement for Human Relation 4/6/21 meeting, but could not. Can you or member please read statement, transparency and safety are at stake.

It is very important to note the rise in hate in San Diego and how there are some hate groups present in the Human Relation commission.. There are some very extremist elements of the Nation of Islam, (see recent capitol police DC murder) as well as white supremacy ties, (former member previously pointed by me). These should not be allowed as members, much less in leadership roles. Also note, once again, the make up of the committee is not close to being ethnically or fairly balanced. Enrique Morones, Former H.R. Committee Member and Member of San Diego's Anti Hate Coalition. cc Members of Anti Hate Coalition that are also Human Relations Committee members; Chair of the Anti Hate Coalition ; Supervisors Nora Vargas and Nathan Fletcher
